UNIVERSAL TIRE CHANGER

CEMB Tire Changers SM915 MAXI

This CEMB SM915 Maxi tire changer is designed especially to handle tough to change tires, like low profiles and run flats in a high performance service shop. This tire changer is best suited for large garages, wheel specialty shops, car dealerships and tire dealers. When ordered with pressarm this tire changer lets you easily change stiff side wall tires.

This high quality tire changer has the ability to serve both light trucks and all standard SUV's as well as specialty vehicles such as motorcycles.
